Deborah Gamber has been our financial advisor for many years. She was constantly looking for the best investment and savings opportunities for us to continue into our retirement years.

She placed me in a Bank on Yourself Lafayette Life insurance policy and that was one of the best decisions I have made. I know the exact amount I have in this investment; it is available for use at any time and pays my beneficiary upon my death.

I know my money is safe and growing at a predictable rate. I have used the policy to pay for two cars, financing a vacation and for family expenses saving on interest that would be paid to a finance company and paying that interest to myself. The money is easily accessible with no taxes, government penalties or restrictions.

I would recommend that Deborah handle anyone's account and put them in Bank on Yourself. It is a win/win – winning with a great advisor and winning with handling your own money.
